Research Interests

My research explores the intersection of HCI and AI through the design and development of hybrid intelligent systems for diverse applications.

Areas: Human-Computer Interaction, Artificial Intelligence, Crowdsourcing

Education

09/2016 – present **University of Michigan - Ann Arbor**
Ann Arbor, MI BSE Computer Science, Minor in Mathematics
GPA: 3.88 / 4.00

09/2015 – 05/2016 **New York University - Tandon School of Engineering**
New York, NY BS Computer Science and Mathematics (transferred after 1st year)
GPA: 4.00 / 4.00

Experience

Research

- 09/2016 – present **Crowds and Machines Lab, University of Michigan**
Ann Arbor, MI Undergraduate Researcher
- 05/2016 – 08/2016 **Secure Systems Lab, New York University**
New York, NY Undergraduate Researcher

Professional

- 05/2018 – 08/2018 **Goldman Sachs**
New York, NY Technology Analyst Intern
- 05/2017 – 08/2017 **Material Matters**
Ann Arbor, MI Software Developer

Extracurricular

- 09/2016 – present **Michigan Mars Rover Project Team**
Ann Arbor, MI Software Engineer, Former Software Lead
- 01/2017 – present **University of Michigan CoE Honors Program**
Ann Arbor, MI Member

Awards

03/2018 **IUI (ACM Conference on Intelligent User Interface)**
Best Student Paper Honorable Mention

12/2017 **CRA-E Outstanding Undergraduate Researcher Finalist**

12/2016 – *present* **University of Michigan Dean's List**
